Student Information Sheet for Summer Research Awards

Due Date: February 27, 2009

Please attach to this info sheet:

1. Research Ideas (approx. 2 pages, double spaced; for Delos award, this should describe the proposed summer research project)
2. Unofficial Transcript (student record printout)
3. Faculty Mentor Nomination Form

We request that summer award recipients not participate in any summer employment or summer school. If you are awarded funding from other sources (e.g. Pfizer, HHMI, Mellon Mays) you may accept the funding of only one source. Students who receive an award must also present their work at the Undergraduate Research Symposium in the Fall.

Please fill in all information and type or print neatly.

Name	_____	Student ID#	_____
Permanent Address	_____		
Telephone Number	_____	Email Address	_____
Intended or Declared Major	_____	Major Advisor (if assigned)	_____
Proposed Research Advisor	_____	Year of expected WU graduation	_____
GPA	_____	GPA, math & physics courses	_____

Are you a current research fellow? (Mellon Mays, HHMI, etc)	Which physics award are you nominated for? (check both if applicable)
<input type="checkbox"/> Yes If yes, please indicate type:_____	<input type="checkbox"/> Delos Fellowship
<input type="checkbox"/> No	<input type="checkbox"/> Undergraduate Physics Fellowship

Are you a citizen or permanent resident of the United States?	Are you applying for funding concurrently? (Mellon Mays, HHMI, etc)
<input type="checkbox"/> Yes	<input type="checkbox"/> Yes If yes, please indicate type:_____
<input type="checkbox"/> No	<input type="checkbox"/> No

Any questions regarding this award should be directed to Jason Woods: woods@wuphys.wustl.edu, 377 Compton Lab, x56220

I hereby certify that the answers and statements contained in this submission are true to the best of my knowledge. I also certify that this submission, including any essays, is my own work. I agree to *not* participate in summer employment or courses if awarded a stipend. All additional grants and stipends will also relate to the same research project and must only cover additional costs not covered by this grant. In addition, I agree to submit an abstract of my work to the Office of Undergraduate Research.

Mentor Nomination Form - due February 27, 2009

I hereby nominate and agree to supervise the student named below for an Undergraduate Research Award. I have discussed a research opportunity with the Washington University student named, have agreed with the student on the proposed subject and approach of the research project, and can provide appropriate and sufficient resources for that student during the time of the research. I understand that the Undergraduate Research Office provides 50% of the total Physics (non-Delos) award, and it is expected that the other 50% is provided by matching funds from the mentor. Upon request, I will provide a brief evaluation of the student's work at the end of the research project.

The student and I understand that this work will likely be presented in oral or poster form at an Undergraduate Research Symposium and summarized in the Symposium program and WUURD, the Washington University Undergraduate Research Digest. (If the presentation or WU publication expectation associated with this award jeopardizes any other publication, we will make appropriate arrangements.)

Student's Name: _____

Nomination for Delos Hoopes (check both, if applicable) _____

Mentor's Name (please print): _____

Mentor's Email Address: _____

Mentor's Phone: _____

Mentor's Signature: _____

Also, please email a brief recommendation for the above-mentioned student

We hope that you will be able to attend the Symposium in the Fall.

Thank you for supporting the education of our Washington University undergraduates.

Mail, fax, or email form directly to:
